

## QUALITY POLICY

### VALUES

Our core values are:

- People
- Initiative
- Team work
- Integrity

Our permanent goal is to identify all our relevant stakeholders and understand their specific expectations with the view of applying innovation to meet these expectations, while complying with all applicable requirements including legislative and statutory requirements in an atmosphere of continual improvement of our processes, activities and outputs.

3FM Solutions Ltd shall proactively exercise risk-based approach to protect itself and stakeholders as it engages within the framework of mutual benefit across its business interests of Compliance Management, MS Consultancy, Vendor Management Services, Training and System Automation.

It shall be ensured that this Policy remains compatible with our strategic direction at all times. Also, our endeavours shall be driven by well-articulated objectives, hinged on broad sustainable impacts that take account of our values in a structured fashion supported by ISO9001:2015.
